*“When me and my partner had a meeting with the events team, they were brilliant! Everything we wanted they agreed to without question. This made our planning so much easier. The team was so quick at replying to emails and calls, even when we had to change a few plans last minute, they were so quick to accommodate our new plans. I told the team what I wanted and they made sure everything was perfect on the day. It was exactly what we wanted! We had so many compliments from our guests too. Everything was perfect! The food was amazing, staff were friendly and accommodating to all our guests needs also. I was so relaxed, the team at the SugarBeat made sure everything was in hand which meant we could enjoy our special day. Some of our guest said it was one of the best weddings they have ever been to, the venue itself was an experience and we are now regulars of the restaurant.”*
